Dear Paul:

Enclosed is the file on ~~Robert N. Bye~~, including the camp incident report and current record.

I had not forwarded the information as I thought since I was waiting for a news article or follow up from the District Executive. However, the matter just came to our attention, and we are taking steps to have the sponsoring organization ask him to cease affiliation with Scouting.

If there is anything further you need from us, please advise.

Specific Circumstances: [REDACTED] had his son tell the camp director the following story: [REDACTED] went with his Wilderness Survival merit badge class to sleep out at their shelters. Dear Bob,

After our conversation on Sunday, July 11, you understand that a scout has come forward with a serious accusation which involves you. I know that you also understand that such an accusation must be immediately investigated by the proper Council authorities. It is, therefore, necessary for me to ask you to take a temporary leave of absence from the camp in order to facilitate this investigation. Please be assured that your leaving camp is a temporary measure and is not to be construed as a termination. Also be assured that my asking you to take this leave of absence is not at all judgemental. I am certain that a man of your stature in Scouting will agree that this measure will be beneficial both to you and to the camp.

Very truly yours,

William P. Black,
Reservation Director
